

## FULL-TIME LECTURER POSITION IN COMPUTER-AIDED DESIGN

**Minimum Qualifications:** The Department of Mechanical Engineering at San Diego State University is seeking a full-time Lecturer to teach Computer-Aided Design at the undergraduate level. An M.S. in Mechanical Engineering and a minimum of 5 years of professional engineering practice are required. Demonstrated proficiency in both written and oral communication in English is required. Applicants must demonstrate a commitment to working with a diverse student population. Active and effective participation in curriculum development, assessment and accreditation, and other departmental activities as well as participation in professional and student organizations (e.g., ASME, SAE) are normative expectations.

Current residents of San Diego are preferred for this position. At the time of appointment, the successful candidate, if not a U.S. citizen, must have authorization from the U.S. Citizenship and Immigration Services to work in the United States.

Evidence of degree(s) awarded is required at time of hire.

## Inquiries and applications should be addressed to:

Dr. John Abraham, Professor and Chair Department of Mechanical Engineering San Diego State University San Diego, CA 92183-1323

Email: jabraham@sdsu.edu

## A resume and a list of 3 references is required.

## **General Information:**

SDSU is a large, diverse, urban university and Hispanic-Serving Institution with a strong commitment to diversity, equity, and inclusive excellence. Our campus community is diverse in many ways, including race, religion, color, sex, age, disability, marital status, sexual orientation, gender identity and expression, national origin, pregnancy, medical condition, and covered veteran status. We strive to build and sustain a welcoming environment for all.
