BS/MS (4+1) Program

IMPORTANT INFORMATION AND INSTRUCTIONS

Please read the following information and instructions before completing this application to apply to the BS/MS (4+1) program.

Before you apply for the BS/MS (4+1) program, please be advised that this program is unique. It is a combined BS/MS program and students must successfully complete 160 units of coursework and a thesis to be awarded simultaneously the B.S. degree in Mechanical Engineering and then the M.S. degree in either Mechanical Engineering or Bioengineering. Students must apply and be admitted to the BS/MS (4+1) program. Once you apply and are admitted into the program you must fulfill all requirements of the BS/MS (4+1) program **before you will be granted the BS or the MS degree. If you change your mind and decide to go back to the Mechanical Engineering major BS degree, you will not be able to reenter the BS/MS (4+1) program and the graduate units you completed will not count towards a graduate degree at SDSU.**

BRING A COPY OF YOUR DEGREE EVALUATION TO ME OFFICE AT E326

STUDENTS MAY APPLY FOR THE PROGRAM AFTER SUCCESSFULLY COMPLETING A MINIMUM OF 90 AND A MAXIMUM OF 115 UNITS THAT COUNT TOWARDS EITHER THE BS OR THE MS PROGRAMS.

REQUIREMENTS TO APPLY FOR THE BS/MS (4+1) PROGRAM:

1. 3.0 or better GPA in ME 304 (or CIVE 301), ME 350, and AE 340
2. 3.0 overall GPA
3. 3.0 ME Upper Division Major GPA
4. Satisfactory score on the GRE
5. Satisfactory score on the TOEFL, if needed
6. Submission of a Thesis Advisor Form signed by the thesis advisor.

Exceptions may be considered if a statement of justification is provided by the ME faculty advisor and is then approved by the departmental graduate committee and the Graduate Division.

THESIS ADVISOR FORM

BS/MS (4+1) Program

NAME OF THESIS ADVISOR (S): _____

NAME OF STUDENT: _____

STUDENT RED ID: _____

CURRENT SEMESTER AT SDSU: _____

Most if not all of the thesis projects offered by a thesis advisor will be on the cutting edge of science & technology and therefore will be of a competitive and timely nature. Hence, by signing this form the student understands that when a faculty member acts as a thesis advisor, it will constitute a considerable investment of the faculty's time, ideas and department resources and the student therefore agrees to commit and be actively involved in the project for its duration.

Student Signature: _____

Date: _____

Thesis Advisor (s) Signature: _____

Date: _____

** Any request to change advisors or plans after working for more than one semester with the advisor will need to be made in writing and be sent to the Graduate Program Committee for review. The committee may request a meeting with the student.*
